

Help Identify A Photo From Plant City's Past

By DAVE NICHOLSON | The Tampa Tribune

PLANT CITY - The Plant City Courier & Tribune is starting a new occasional feature in conjunction with the Plant City Photo Archives to help identify old photos. The nonprofit organization has in its files a number of photos for which it has little or no information.

Periodically, the archives will furnish a photo for publication to see if Courier & Tribune readers can provide the missing info. The archives believes this shot was taken at the Planteen Recreation Center in 1966 but doesn't have any other information.

If anyone has recalls the purpose of the dance or the identities of the people in the photo, call Candy Owens the archives office at (813) 754-1578 or add your information below in the comments section.

You can also upload your own historic photos of Plant City to this gallery by clicking on the link below..
